12	23		W3C, WCAG and GIGW specifications	As per GIGW guidelines, STQC certification is mandatory, Is STQC also in scope of work?	Bidder shall follow GIGW guidelines and ensure compliance with government standards
13			General query	Is there any Payment gateway used in the entire applications? If yes please specify the number of application and number of payment gateways.	Payment gateway is a part of our applications, Please refer Annexure VII provided in RFP for list of applications. PMC uses two payment gateways as one of the channel source for online payment purposes.
14	12	Instructions to Bidder	Duration of the project is 1 year from the date of issuance of work order	We recommend that the Project period should be extended to 3 years. It is seen the any new Vendor takes atleast 1-2 months to acclimatize with the new environment and to get hands-on with the existing source code. In the remaining time very few things could be achieved as for major overhauling the estimated time period can be upto 24 months which will include defining, development and implementation.	<p>In section 5 clause no 5.3 is revised as below:</p> <p>Duration of the project is 3 years from the date of issuance of work order.</p> <p>In section 10 (annexure IV), clause no 10.3 is revised as below:</p> <p>The term of this CA shall be for a period of 3 years from the date of issuance of Letter of Acceptance/Purchase Order. In the event of implementation period getting extended beyond the stipulated time, for reasons not attributable to the Implementation Agency, PMC reserves the right to extend the term of the Agreement by corresponding period to allow validity of contract from the date of operational acceptance.</p>

15	6	Important Dates / Information	Earnest Money Deposit of 50,000	As a thumb rule EMD is 1% of the total estimated cost of the project. If we consider the Maharashtra Government new GR and its guidelines and prescribed rates for Project Lead, Sr.Programmers , Support Engineers and Testers then the estimated cost for the same project with the manpower quoted is much higher than the assumed estimation of 50 lacs. It is in the range of 1 Crore.	This clause stands unchanged
